### World Environment Day 2013

The theme for this year's [World Environment Day](#) celebrations is Think.Eat.Save: an anti food-waste and food-loss campaign that encourages you to reduce your footprint. This year's campaign urges you to take action from your home and then witness the power of collective decisions you and others have made to minimise the environmental impact.

### Ecosem

[Ecosem](#) specialises in the production of native seeds and plants of controlled origin. Ecosem sets up collections of flowers and shrubs which are propagated in farms. Ecosem can also advise on private or public garden planning.

### Villo!

Since 2009, [Villo!](#) bikes have been a familiar sight in every street in Brussels. Do you need to travel a short distance? Pick up a bike at one station and drop it off at another. Villo! is an easy-to-use system that is available 24/7. This World Environment Day is a special occasion to hop on one of those bikes!

### Electrabel

Energy costs are on everyone's lips. [Electrabel](#), Belgium's leading energy supply company, has several ways of reducing your energy costs at home and can provide solutions to all your questions : i.e. [energy audits](#), [Smart Box](#)...
